REC'D NOV 21 2006

Dear Trini,

I am writing this letter to comment on the Proposed Management Plan for the Lamoille Valley Rail Trail. I am highly concerned that the plan requires a seat on the Board of Directors reserved for VASA. The plan specifically prohibits ATV's and motorized vehicles of any kind, except for the seasonal use of snowmobiles. VASA have been a very aggressive group and represent a minority of the residents and potential users of the trail. I believe their tactic is to wear us all out. Mandating a position on the board only plays into their strategy. Please do not allow it.

Additionally, I do not understand why you are requiring the use of snail mail (USPS) and not allowing an email response to the plan. Snail mail is an outdated method of correspondence, it is wasteful in the use of our resources, and its distribution contributes to greenhouse gases as fossil fuels are used to move it.

Sincerely,

David Hallquist
