TO V.A.S.T. Rep;

I am writing relating to spraying and the use of the tail bed. Since the siding was removed many years ago property owners have improved that part immensely. Our garden comes close or abuts the tail bed, thus oppose any spraying on outside! We were told by our Ex. Town Rep. to the legislature for 5 years ago the village would be bi-passed. There is access to trails on each end for V.A.S.T. & A.T.V.'s! Thus we oppose use in village limits for recreational purposes. Sincerely

Mr. & Mrs. David Merrill
